

QCY H3 Lite

Wireless Noise Cancelling Headset

For better using experience, please scan to download QCY app before start-up.

Overview

Packaging List

Above pictures are for reference only yet practical product may vary.

How to Connect

Power on headset and it will auto turn connectable. On phone, search QCY H3 Lite and tap to connect. (It will auto reconnect to the last device in connectivity record, if any. If you need to make it turn connectable again, power it off and press and hold MFB for 4s.)

Multi-Point Connection

Connect headset to Device A then turn off its Bluetooth and the headset will auto turn connectable (LED blinks red and blue). On Device B, search QCY H3 Lite and tap to connect. Once again turn on Bluetooth on Device A and connect it to the headset.

Factory Setting

Power on headset, press and hold both volume + and - for 10s or until LED blinks red 5 times to reset it factory. It will then auto turn connectable.

LED

Connected: LED blinks white every 10s
Charging: LED glows solid red
Top-up: LED glows solid white

Comments:

The manufacturer's warranty is void under the following circumstances but not limited to:

- Improper or inadequate maintenance or modification.
- Accident, misuse, abuse, contamination, or other external causes.
- The use of unspecified adapter and accessories.
- Malfunctions or damages resulting from natural disasters, earthquakes, lightning, abnormal voltage, or environmental factors.
- Damages that occur as a result of one's failure to follow the instructions.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Notice: This marking indicates that this product should not be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.

Safety Precautions

1. Please carefully read and retain this user manual before using the product.
2. If the product is not used for an extended period (more than 2 weeks), please recharge it.
3. You must choose a charger produced by a legitimate manufacturer and certified by the national safety authority.
